This weekly electronic newsletter is designed to keep you current on California Water Plan news. We welcome comments, suggestions and any news tips that may be of interest to water planners.

Mountain Counties Regional Report posted; Vol. 4 nearly complete

This week, another Regional Report booklet — [Mountain Counties](#) (10.8 mb) — has been posted in [Volume 3](#) of the Water Plan Update 2009. Volume 3 is a set of 12 regional reports. All regional reports have been posted, except for South Coast, which will be posted soon. Also this week, more articles were posted on the Water Plan website in the [Volume 4 Reference Guide](#), which is nearly complete.

CPUC will present water discussion on July 14 in San Francisco

On July 14, the California Public Utilities Commission's Thought Leaders Series will bring together several leading policy experts to engage in a discussion of "The Real Cost of Water, and the Coming Water Shortage." Details of the July 14 discussion will be posted [here](#) soon. The discussion will be held in San Francisco on July 14. [Register for webcast here](#).

DWR posts latest California Drought Update

The latest monthly California Drought Update has been posted to DWR's drought webpage. The update reports the NOAA's Climate Prediction Center's one-month outlook for June suggests increased chances of above-normal temperatures for the entire eastern half of California. [Read more](#).

Federal EPA sets workshop on climate change and water management strategies

The federal EPA will present a Regional Science Workshop titled: Resilient Water Management Strategies for Climate Change: Developing Decision Support Tools for Local Communities. It will be held in San Francisco from June 8 to 10. [Read more](#).

Ag groundwater subject of June 15-17 conference in San Francisco

Issues related to groundwater use and agriculture will be the focus of a June 15-17 conference in San Francisco. "Toward Sustainable Groundwater in Agriculture: An International Conference Linking Science and Policy" is being organized by the Water Education Foundation and the University of California, Davis. The conference will be held at the Hyatt Regency at the San Francisco Airport in Burlingame. [You can find more information here](#).

Save the date: Oct. 13, 14 for CBC session titled 'Restoring our Forests'

The California Biodiversity Council will hold a meeting Oct. 13 and 14 titled Restoring Our Forests. The meeting will be held in Graeagle, Plumas County. Both the opportunities and challenges in restoring the forests of California will be the focus of the meeting. You can find more information on the [CBC Website](#).
