Details released for Water Plan Update 2013 kickoff workshop

A public workshop to launch Update 2013 will be held Wednesday, July 7, from 1 to 4:30 p.m. It will be held at the CalEPA Building in Sacramento. [Find meeting detail here](#). Agenda items include a recap of Updates 2005 and 2009; lessons learned to take into Update 2013; new enhancements and themes for Update 2013; and concepts for collaboration and engagement. For those who cannot attend, workshop materials will be posted online with opportunities to provide comments and suggestions to the Update 2013 team.

Water Plan's Volume 3 complete with posting of South Coast regional report

All regional reports have been posted in [Volume 3](#) of the Water Plan Update 2009. The final report to be posted was [South Coast](#) (21 mb). Volume 3 is a set of 12 regional reports. Also this week, more articles were posted on the Water Plan website in the [Volume 4 Reference Guide](#), which is nearly complete.

Elissa Lynn joins DWR Strategic Water Planning Branch

Elissa Lynn has joined the DWR Strategic Water Planning Branch of Division of Statewide Integrated Water Management (DSIWM). She will be in charge of the Climate Adaptation Section and will work on the California Water Plan as well as several climate change initiatives throughout DWR. Lynn has been senior meteorologist at DWR; where she forecasted weather events, informed the public and media about climate issues, flood operations, water supply and drought. Before DWR, Lynn was chief meteorologist at News10, KXTV, Sacramento. She holds a master's degree in atmospheric sciences, a bachelor's in physics.

DWR sets Water Conservation Act Urban Stakeholders meetings next Tuesday, Wednesday

The full Urban Stakeholder Committee, a panel to assist DWR in developing provisions of the water conservation legislation, SBX 7-7, will meet next Tuesday, June 22, and a technical subcommittee will meet next Wednesday, June 23. Both meetings will be held in Chino. You can find the meeting materials [here](#). To read more about SBX 7-7 and the Urban Stakeholder Committee, [click here](#).

Delta Stewardship Council will meet next on Thursday, June 24

The Delta Stewardship Council will meet next on Thursday, June 24, in the Secretary of State's Office Auditorium in Sacramento. You can find meeting details and materials [here](#). The meeting will be webcast and archived in the Delta Stewardship Council website for later viewing. To access the webcast, please click [here](#).
