California Water Plan sets 2011 meeting dates for Public Advisory Committee

The California Water Plan has set the 2011 meeting dates for the Public Advisory Committee. The series of seven committee meetings begins with a special session webinar on Thursday, Feb. 3. The complete list of meeting dates is on the [Advisory Committee](#) page of the DWR website

Annual forum to include California Water Plan presentation on Update 2013

“Bringing Together the Disciplines for Creative Water Solutions,” is the theme of the upcoming annual meeting of the California Water and Environmental Modeling Forum (CWEMF). It will be held Monday, Feb. 28, to Wednesday, March 2, at the [Asilomar Conference Center](#) near Monterey. It includes a California Water Plan presentation on its technical activities for Update 2013. Registration information is available on the [CWEMF website](#).

Three milestone flood plan documents placed online

The Central Valley Flood Management Planning Program has placed three milestone documents online. The [Management Actions Report](#) covers a range of actions that contribute to flood management. The [Interim Progress Summary No. 2](#) takes a look at the Central Valley Flood Protection Plan development process. The [Descriptive Document](#) looks at flood control projects for the Sacramento River and San Joaquin River watersheds.

Surface Storage Investigations Progress Report made available by CALFED

CALFED has released its [Surface Storage Investigations Progress Report](#) and is making it available online. It provides information on how active surface storage investigations are evaluating alternatives to address water-related challenges.

DWR to host water management plan webinar next week

DWR will host a webinar next week to provide information and answer questions about the 2010 Urban Water Management Plan. It will be held Thursday, Dec. 16. Log-in information and meeting materials will be made available [here](#).

Ag water subcommittee plans two meetings for next week

Ag water measurement regulation will be the focus of two meetings scheduled for the Sacramento area next week. The Agricultural Water Measurement Subcommittee will meet [Tuesday, Dec. 14](#), in Woodland, and on [Wednesday, Dec. 15](#), in Sacramento.

Monday is the deadline for submitting comments on proposed emergency regulation

The public has until Monday, Dec. 13, to submit comments on DWR's proposed emergency regulation regarding the local water purveyors' deduction of industrial process water from their gross water calculation. The text of the regulation, and instructions for submitting comments, can be found [here](#).
