Integrated water management summit and conference on tap for next week

There is still time to [register](#) for two water management events next week in Sacramento. First up is the [Integrated Water Management Summit](#) on Wednesday, April 3. That will be followed by the [Integrated Regional Water Management Conference](#) on April 4 and 5. They will include the launching of the Water 360 initiative, which is part of an effort to promote a statewide vision of integrated water management.

BDCP releases three more draft chapters, sets date for public meeting

Three more draft chapters of the Bay Delta Conservation Plan (BDCP) have been released to the public. [Chapters 5-7](#) are available on the BDCP website. They cover the effects analysis, plan implementation and implementation structure. A public meeting to discuss these chapters will be held Thursday, April 4, in Sacramento. Details will be posted [here](#).

Comments being accepted for draft report on Small Erosion Repair Program

A [draft program environmental impact report](#) has been developed for DWR's Small Erosion Repair Program (SERP). Details, including instructions on submitting comments, are available [here](#). SERP will identify and conduct small levee repairs, with the initial focus being on 300 miles of levees within the Sacramento River Flood Control Project Area.

Save the date for the next meeting in the Sierra Cascades Dialog series

Mark your calendars for the next [Sierra Cascades Dialog](#) on Thursday, May 30, in Sacramento. This will be the tenth in a series of dialogs on a range of critical issues that affect the Sierra Nevada and the Cascades. This session will focus on a draft [bio-regional assessment report](#), which is being put together by the U.S. Forest Service. The dialog agenda will be posted [here](#) in mid-April.

Series of six funding fairs for water projects begins April 10

A series of [six funding fairs](#) sponsored by the California Financing Coordinating Committee will begin Wednesday, April 10, in West Sacramento. Several agencies will be on hand with information on grants available for water quality, flood management and other projects. There will be an opportunity to talk with agency staff about individual projects and funding needs. Because space is limited, [advance registration](#) is recommended.
