

Water Plan Update 2009 Evaluation Framework Worksheet

Framework Element	Definition
Question	What do we want to know? (Objectives)
Evaluation Criteria	What we are measuring? (Indicators)
Metrics	What is the quantity to measure?
Measures	How do we measure of progress?

Framework Element	Example Stakeholder Response
Question	Can conservation/efficiency alone accommodate new demand in the Central Valley?
Evaluation Criteria	Water supply reliability for current conditions and future conditions with and without efficiency at different levels
Metrics	% of years in which supply meets demand for current conditions and future conditions
Measures	Amount of efficiency required to maintain reliability

Activities for Today

- Review 9 questions from Update 2005 most relevant to Future Scenarios and Management Responses
- Help identify important policy questions for these 9
- Review Update 2005 criteria and the sample indicators
- What criteria (indicators) does your organization use?
- What criteria **must be** quantified in Update 2009?

Framework Element	Stakeholder Response
Question	
Evaluation Criteria (indicator)	(Indicators your organization is using or may begin to use)
	(Additional Indicators that would be useful for making policy decisions)

Framework Element	Stakeholder Response
