

UPDATE 2009 - PUBLIC ROLLOUT

DWR will be conducting public workshops starting in early April, through mid-May, to receive comments on Update 2009. Additional outreach efforts will involve: posting links to the Executive Summary on various websites; creating a speakers bureau; placing articles in publications and newsletters; and media interviews. Advisory Committee participation in these efforts reinforces the link between State and regional efforts. Please let us know where you might be able to contribute in the public outreach phase.

NAME _____

I can assist with **public workshops** by:
