Scope - the Californian's Without Safe Water Report (CWSWR) will focus on both the current situation and progress that has been made, as well as recommendations and actions for the future. The primary discussion will consider drinking water, wastewater treatment, and storm water. **What are your thoughts on this scope?**

Key Content for Consideration - please review the CWSWR outline. **Please describe any particular topics or issues you hope to see covered in the key sections of the document.**

Key Reference Documents – the CWSWR will focus on existing information. Please let us know any sources we should be looking at. (Please Use Back of Sheet).

PLEASE MARK “X” IF YOU CAN HELP

I am willing to be a reviewer of the CWSWR as it is being prepared.

I am willing to look at other sections of the Water Plan to provide advice on DAC/EJ Sections.

I am willing to look at other sections of the Water Plan, or participate in meetings that may benefit from having a DAC/EJ perspective, for example sections on Water Quality, Land Use, Supply, Flood, etc.
