

Workshop: Integration of the California Flood Plan and the California Water Plan

California Department of Water Resources (DWR) and the Floodplain Management Association (FMA) are pleased to announce a **free workshop** on the **Integration of the California Flood Plan and the California Water Plan**.

The goals of this workshop include:

- in-depth focus on floodplain management issues on statewide and regional scales
- discussion of statewide flood management planning and its role in the California Water Plan process
- discussion of regional flood management planning and its role in the Integrated Regional Water Management (IRWM) and the California Flood Plan processes

DWR cordially invites agencies and organizations involved in floodplain management to provide input into the California Flood Plan and California Water Plan Update 2009.

Date: **Tuesday, Sept. 4, 2007**
Time: **1:30 – 4:30 p.m.**
Location: **MontBleu Resort
South Lake Tahoe**

To **RSVP** or for more information,
please contact Sharon Jenkins
Email: sjenkins@water.ca.gov
Phone: (916) 574-0602

**Please RSVP by
Tuesday, August 28, 2007**

*Note: FMA Conference
registration is not required to
attend this workshop*
