

California Water Plan Update 2013 Plenary Meeting

California Water Sustainability Indicators

**Recap & Update
October 27, 2011**

Why Are We Doing This?

A Recurring Question:

“How can we ascertain that the resource management strategies and objectives of the CA Water Plan are providing sustainable water uses and reliable supplies for the State and its various hydrologic regions?”

Water Plan Update 2013

CA Water Sustainability Indicators

Objective

Help monitor progress to meeting water sustainability objectives through the development and application of an analysis framework. The framework also includes the development and evaluation of water footprint.

Water Plan Update 2013

CA Water Sustainability Indicators - Work Plan

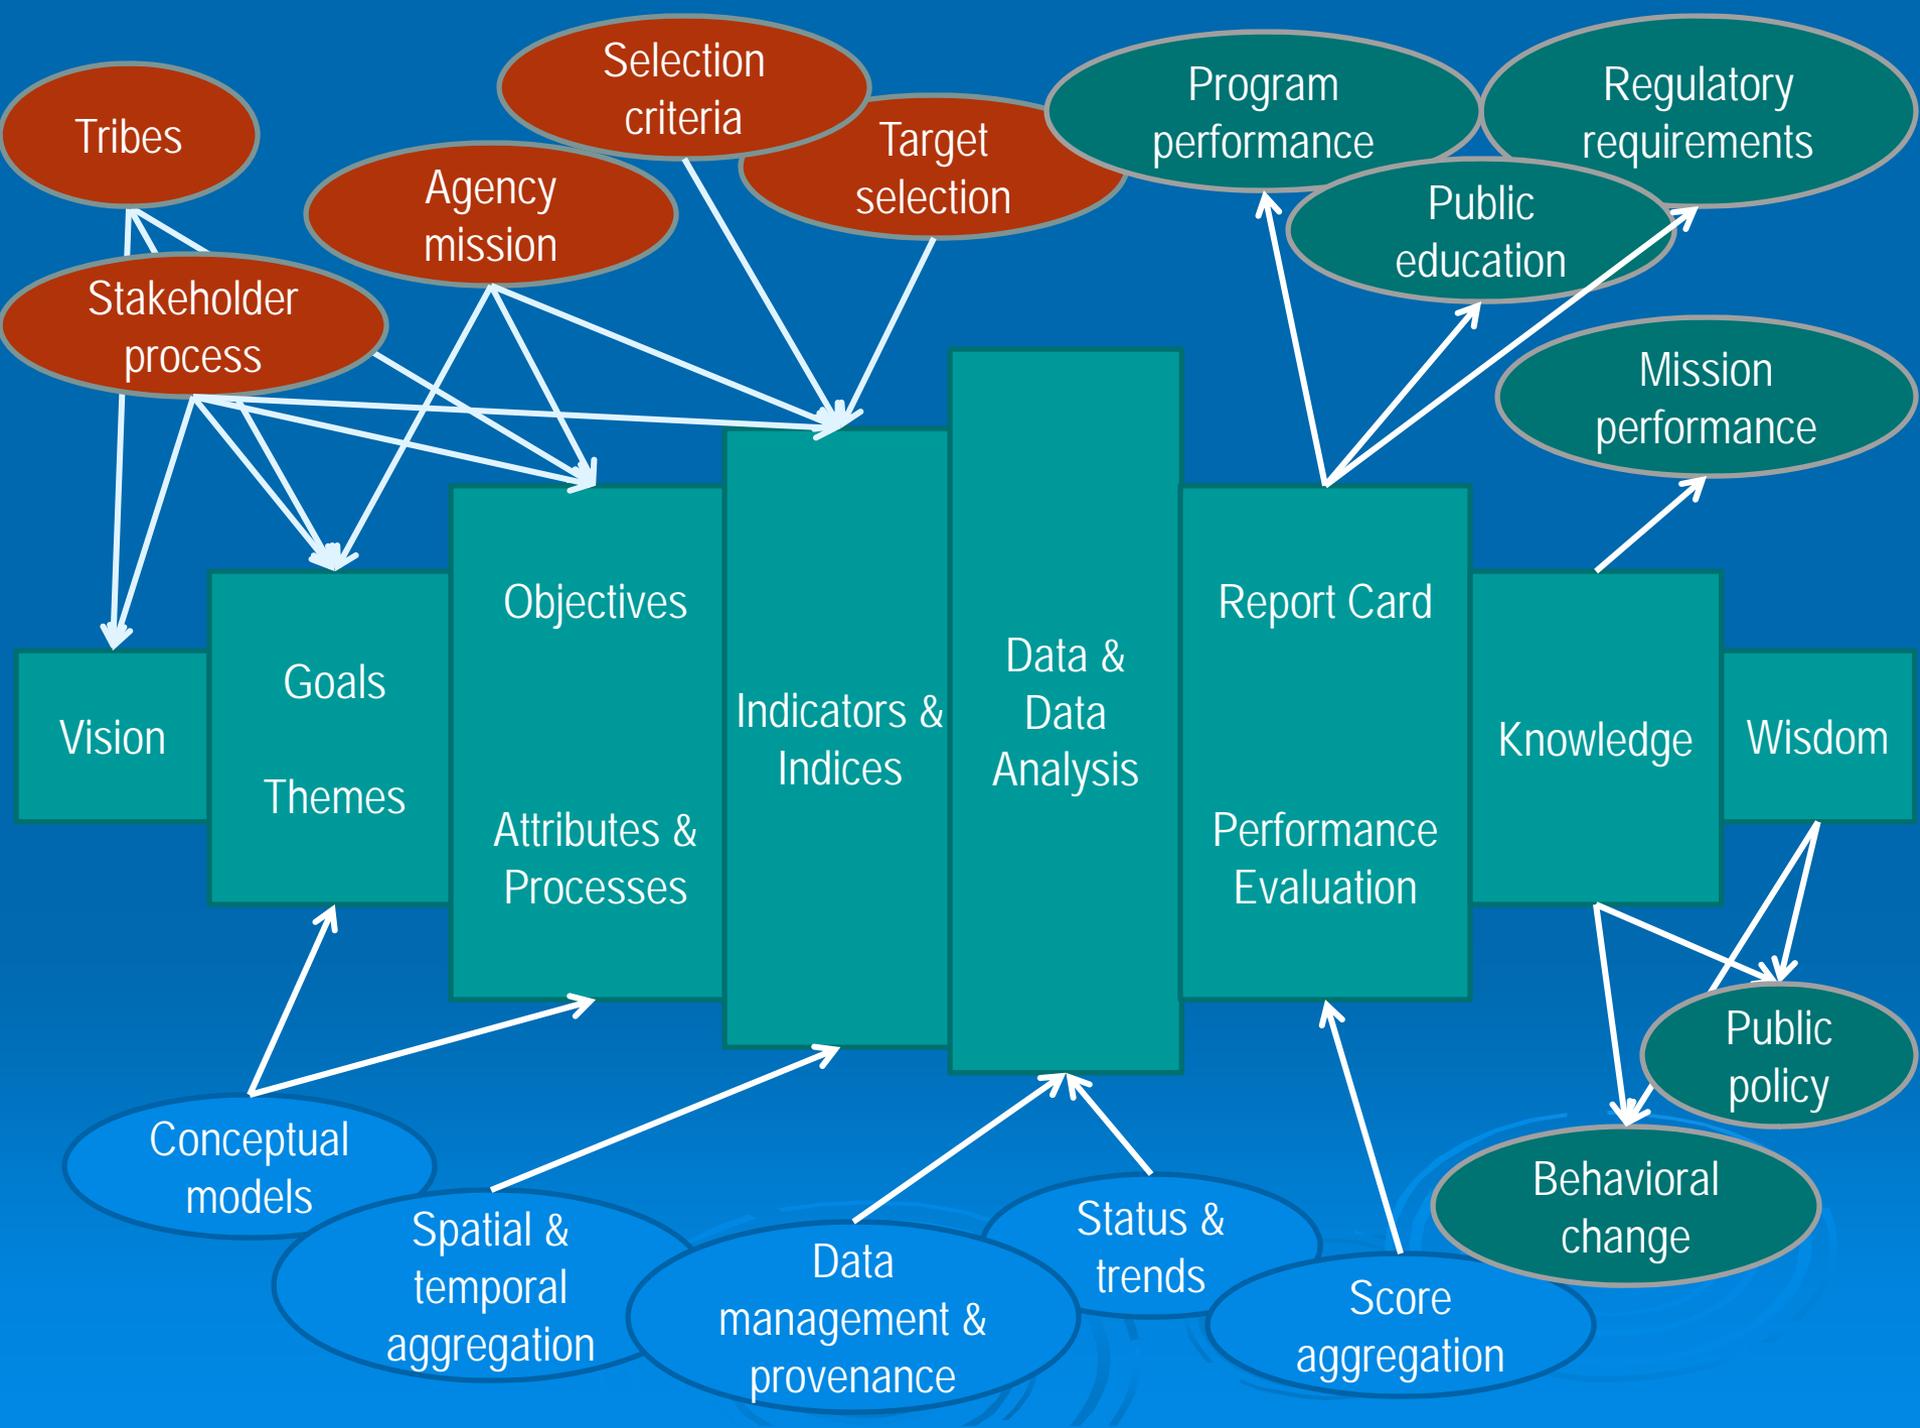

- ❑ *Develop Analytical Framework*
- ❑ *Conduct Quantitative Analysis*
- ❑ *Perform Gap Analysis*
