**CALIFORNIA WATER PLAN UPDATE 2009  
REGIONAL WORKSHOP ANNOUNCEMENT**

The Department of Water Resources, in cooperation with other State agencies, is holding a regional public workshop to gather and share information about the California Water Plan Update 2009. The workshop will be held in El Dorado Hills on August 10, 2007 from 10:00 a.m. to 3:00 p.m., including a working lunch. The Mountain Counties Water Resources Association and the Sierra Nevada Conservancy will be hosting this workshop at the El Dorado Hills Fire Department administration office located at 1050 Wilson Blvd, about 1 mile north of US-50 on El Dorado Hills Blvd.

The draft workshop agenda is enclosed, and representatives of water agencies and collaboratives; local, state, tribal and federal government; watershed and community groups; conservancies; and the public are strongly encouraged to attend.

To assure adequate seating and get information about ordering a box lunch, kindly RSVP to Pierre Stephens at [jstephe@water.ca.gov](mailto:jstephe@water.ca.gov) or 916-651-0700 by Monday, August 6, 2007.

This workshop is part of the public outreach to discuss water issues and management strategies in the Mountain Counties and North Lahontan hydrologic regions for inclusion in the Water Plan's regional reports. The presentations will include information about related integrated regional water management plans and regional flood plans.

Seven other regional workshops will be held across the State during the summer of 2007, and again during the early part of 2008 and late spring 2009. The regions involved, locations, and dates of the other 2007 public workshops include:

- South Lahontan region: Palmdale – July 10
- Central Coast region: Santa Barbara – July 23
- South Coast region: Los Angeles – July 25
- Colorado River region: Coachella – July 26
- Tulare Lake region: Bakersfield – August 8
- Delta, San Joaquin River regions: Stockton – August 13
- Sacramento River, North Coast regions: Red Bluff – August 23

The California Water Plan provides a framework for water managers, legislators, and the public to consider options and make decisions regarding California's water future. Additional information about the 2009 Update of the California Water Plan is available online at: [www.waterplan.water.ca.gov](http://www.waterplan.water.ca.gov). Available materials include schedules and agendas (as they become available) for these regional workshops, other meetings, and contact information. Other opportunities to provide input for the Water Plan include regional forums, public plenary meetings, statewide advisory committee meetings and Statewide Water Analysis Network technical workshops.
