

**2<sup>nd</sup> Central Coast Regional Forum on Water Management and Planning**  
**Friday, September 13, 2013 9:30 a.m. - 12:30 p.m.**  
**(see locations listed below, webinar options available)**

Please RSVP at: [www.surveymonkey.com/s/RSVP-CC](http://www.surveymonkey.com/s/RSVP-CC)

The California Department of Water Resources (DWR), in cooperation with local entities and organizations, is holding a Regional Forum to gather and share information relating to the California Water Plan and statewide and local Integrated Water Management. The Forum will also evaluate DWR's regional approach, asking for feedback on ways to improve outreach.

**Why Participate?**

Ca. Water Plan  
Update 2013

- The Forum agenda will provide an overview of the Public Review Draft for Update 2013 of the Water Plan. Information will focus on new and revised content, with details on how to submit comments on the document.
- Extra time will be spent discussing the Central Coast regional report, which describes water conditions – and the water management planning context – for the region.
- Help inform statewide investment policy through review of key elements of strategic water planning issues, priorities and recommendations. These items will be captured in the Executive Summary of the Regional Report that will be included in the Water Plan Highlights document.
- Hear updates on related programs: Salt and Nutrient Management Plans, Irrigated Ag Lands, Flood Futures Report, IRWM Strategic Plan, and California Environmental Goals and Policy Report.
- Influence DWR's future outreach efforts.

Representatives of water agencies and regional groups; local, state, Tribal and federal government; watershed and community groups; conservancies; and the public are welcome and needed for successful dialog.
