Subject: Water Efficient Landscape Ordinance

Dear Mr. Eching:

The City of Sand City is within the jurisdiction of the Monterey Peninsula Water Management District (MPWMD). The district has adopted a "water efficient landscape ordinance" and through its rules said ordinance applies to all agencies within its jurisdiction, including Sand City. Therefore, we comply with the requirements of the Water Conservation in Landscaping Act of 2006 (AB 1881).

Sincerely,

Steve Matarazzo, City Administrator &
Community Development Director
