

CITY OF ESCALON

September 22, 2010

Simon Eching
California Department of Water Resources
Water Use and Efficiency Branch
P. O. Box 942836
Sacramento, CA 94236-0001

Dear Mr. Eching:

The City of Escalon is in the process of incorporating the Department of Water Resources Model Water Efficient Landscape Ordinance (MWELo) into the City's Municipal Code. Until that is completed, the City of Escalon will apply the requirements of the MWELo within its jurisdiction. The City will notify your office when that action has been completed.

Please feel free to contact me if you have any questions.

Respectfully,

John Abrew, PE
City Engineer/Public Works Director
