

February 2, 2010

Department of Water Resources
Water Use and Efficiency Branch
Attn: Gwen Huff
P.O. Box 942836
Sacramento, CA 94236-0001

Ms Huff:

In regards to the new Water Efficient Landscape Ordinance (WELO), at this time the City of Antioch has not taken any action and is currently running under the Model Ordinance. We are working with Contra Costa Water District and East Bay Municipal Utility District to create a regionally appropriate ordinance that will be at least as effective as the WELO. We anticipate that this process will be completed and a new ordinance adopted by the early Summer, 2010. We will notify the Department of Water Resources when the ordinance is adopted and provide all the findings and evidence supporting its effectiveness at that time.

Should you need to contact the City of Antioch regarding the ordinance, I can be reached Monday through Thursday at (925) 779-7097 or via email at jhaaswajdowicz@ci.antioch.ca.us.

Regards,

Julie Haas-Wajdowicz
Environmental Resource Coordinator
