Subject: Model Water Efficient Landscape Ordinance (MWELo)

Dear Mr. Eching:

Please be advised that the Town of Danville has not adopted a separate ordinance to implement the Water Conservation in Landscaping Act of 2006. The State Model Water Efficient Landscape Ordinance will be applied to developments within the Town of Danville.

In the future, however, the Town's water purveyor, East Bay Municipal Utility District (EBMUD) may develop its own ordinance to implement the Act. If and when EBMUD develops its own ordinance to implement the Act, the Town will reevaluate how this Act is implemented by the Town. The Town will notify the Department of Water Resources if any changes occur.

Please contact me if you have any questions.

Sincerely,

William Evans
