Water Use Efficiency
P.O. Box 942836
Sacramento, CA 94236-0001

Dear Mr. Eching:

This is to notify you that the City of Lompoc's water efficient landscape and irrigation laws are being proposed for amendment and the State's Model Landscape Ordinance has been in effect from January 1, 2010, and will remain in effect until such time as the Lompoc City Council adopts a revised landscape ordinance that is as effective in conserving water as the State's Model Ordinance.

If you have any questions please notify me at the address in the letterhead, or by e-mail.

Sincerely,

A handwritten signature in cursive script that reads "Susan Segovia".
