RE: Status Update, City of Wheatland Adoption of Water Efficient Landscape Ordinance

Dear Mr. Eching,

The City of Wheatland is in the process of adopting a local Water Efficient Landscape Ordinance that will be compliant with the State of California requirements. However, City staff anticipates that this will not occur until after the January 1, 2010 deadline for adoption, specified by the State. We acknowledge that after the first of the year 2010, the City of Wheatland will be required to operate under the model State of California Ordinance, Chapter 2.7, of Division 2, Title 23 of the California Code of Regulations, until the City adopts its own Ordinance.

The City expects to adopt its local ordinance in early 2010. At that time, we will send the Department a copy of the City's water efficient landscape ordinance and begin implementing the City's local ordinance.

Please call me at 916-372-6100, or email if you have any questions or concerns.

Sincerely,

A handwritten signature in black ink, appearing to read 'Eric W. Veerkamp', written over a large, light-colored oval scribble.
