Subject: [MWEO] Model Ordinance Question

Julie,

Thanks for sending this information along.

I just read through the Model ordinance and I have a question regarding section 493.1 – Landscape Irrigation Audits.

Existing landscapes installed before Jan.1, 2010 the following shall apply.

My question to you is – As a homeowner is a subdivision with a landscape less than 2,500 sq. ft. (I think?) – I don't have to do anything right?

For those landscapes that are larger than 2,500 sq.ft. and bigger than an acre – these are the ones that are being targeted?

I need to read it again but this definitely caught my eye.

Thanks,

Mike McCullough
