RE: AB1881 Model Water Efficient Landscape Ordinance

Dear Judy:

I have reviewed the revisions to the Model Water Efficient Ordinance and firmly believe that there are many errors and omissions in the ideology and requirements proposed.

I agree with the American Society of Irrigation Consultants (ASIC) comments and corrections and ask for their implementation into the amendment of this Ordinance.

ASIC and its membership are very committed to the conservation of water and promote sound principles in the landscape and irrigation process. Please bring their professional membership into the process to revise this Ordinance to achieve those goals initiated by AB1881.

Regards,
