Subject: [MWE0] Model Water Efficient Landscape Ordinance Comments on FinalDraft

Dear Ms. Colvin

I am writing to express my support of the Department of Water Resources (DWR) plan to amend the Model Water Efficient Landscape Ordinance (MO).

California's limited water supply is threatened by increasing demand, climate change and natural disasters. It is imperative that the State act now to reduce water consumption.

I commend DWR for updating the MO in order to reduce Californias water use.

Sincerely,

Shannon Healey
