

Ms. Saare-Edmunds,

Please accept the attached documents as Rain Bird Corporation's Official Final Written Comments on proposed changes to the Model Water Efficient Landscape Ordinance. This document supersedes all written comments that were previously sent.

We are very pleased to have had the opportunity to comment on the proposed changes to this very important document. We appreciate your openness to feedback and look forward to working closely with you on future issues related to irrigation water use efficiency.

Please feel free to contact me or anyone else at Rain Bird with questions or comments. We appreciate the overwhelming amount of work that you and others have to do to meet your deadline. We tried to minimize the burden on you by writing our comments in an organized fashion, in the same sequence of language in the ordinance and, where possible, we provided exact suggested changes to the language of the ordinance.

Good luck in your important work. We look forward to seeing the end result.

Ron Wolfarth
Principal Product Manager

Rain Bird Corporation - Contractor Division
