DWR's Lester Snow to give Director's Message at next week's Plenary

Lester Snow, director of the Department of Water Resources, will present for the first time the Director's Message for the Water Plan Highlights at next week's Plenary. He is first on the agenda on Thursday, Oct. 15, at 9 a.m., which is the second day of the Plenary. The last Plenary Session of Water Plan Update 2009 will be held Wednesday and Thursday, Oct. 14 and 15, at the Sacramento Radisson Hotel. Attendees will review Update 2009 Highlights and Resource Management Strategies Recommendations before the document is released to the public. Registration for the Plenary is \$15 each day. [The agenda is posted here.](#) Please RSVP to Ginny Sajac at (916) 653-7101 or [by e-mail.](#)

SWAN workshop set for tomorrow in Sacramento

Tomorrow (Thursday, Oct. 8), DWR will hold a workshop of the Statewide Water Analysis Network (SWAN) in Sacramento to share and solicit feedback on recent studies of the effectiveness of regional and statewide water management responses to uncertainties facing California water managers. Details about the workshop [can be found here.](#)

Military Engineers to host Sacramento conference Oct. 26-28

The Society of American Military Engineers (SAME) Sacramento Post will host a conference Oct. 26-28 in Sacramento to learn about the challenges and business opportunities associated with California's complex water and flood risk management issues. The title of the conference is: Changing Tides in the Inland Sea – A Confluence of Challenges and Opportunities. [Click here](#) for conference details.

Workshops to help local governments with new landscape watering law

DWR and the California Urban Water Conservation Council is planning a series of workshops around the state to explain the new updated Model Water Efficient Landscape Ordinance. The first will be held in Lincoln on Thursday, Oct. 15. For workshop details [click here.](#)

Monday is deadline for comment on plumbing code changes

The public has until next Monday, Oct. 12, to comment on proposed changes to the State building standards related to dual plumbing design that will allow for potable and recycled water systems for buildings. [You can find relevant links here.](#) DWR is in the process of adopting the new standards in response to the governor's drought declaration.
